The Committee on School Houses and Sites reported that some small work was necessary to be done at the school house in Lorin. The report was received and the committee authorized to have the work done.

The same committee also submitted plans for fitting up the basement of the school house on Rose street at North Berkeley. Their report was adopted and bids for doing the work were then opened. They are as follows: Steedman Halsey \$307; E. C. Worden \$297; Underwood & Lavelle \$333; Thomas H. Gilbert, \$390; Young & Bell \$359. The contract was awarded to E. C. Worden at \$297.

The Committee on Supplies reported that they had purchased the flags etc, as ordered by the Board. Report received and placed on file.

Director Wickson brought up the matter of "home work." It was thought that the work laid out for the scholars was so much that it necessitated much work at home. The principles were directed to look into the matter and if the grievance was correct to have it remedied. Several recommendations in favor of Mr. Ricardo for the position of janitor in the Le Conte school were read.

Written applications for teacher's position in the department were read from Harriet E. Durgen, Miss M. L. Smith and Mrs. S. E. Gies. Received and placed on file.

An application for illustrating the West Berkeley schools was made by a photographer. Application filed.

The resignation of Mrs. Goldsmith, janitor of the Le Conte school, was read and accepted. An election was then gone into to fill the vacancy, and Mr. Ricardo was the successful man.

Mr. Cave was directed to act as a substitute teacher for one-half day each in the Lorin and West Berkeley schools and as teacher in the 3d and 4th grades at the Rose-street school.

There being a vacancy in the teachers department, an election was held. Miss Woodall, having received a majority of votes, was declared elected.

The trustee officer was directed to make a report to the Board, he not having done so during his incumbency. His time was extended to January 1, 1896. On motion adjourned.

High School Board.

The members of the High School were all present. Minutes of the last meeting were read and approved. The Finance Committee reported upon the teacher's salaries and warrants were ordered for the same. Without doing any other business there being nothing before the Board it adjourned.

W. B. I. Club.

The regular meeting of the club will take place this evening at its headquarters on University avenue. It is important that the members should be present for consultation upon matters very pertinent to the occasion.

As the Board of Trustees will hold their meeting on Friday evening next there are some matters upon which this club should take action in order that it may be acted upon by the Board.

Before it goes away from the club there should be an understanding among all its members so that all can act accordingly. Too much cannot be said to urge West Berkeleyans to attend these club meetings and thereby be thoroughly posted in all that is going on in town interesting to property owners particularly.

If the people will not look after their own interests they must not find fault if others do not take care of it for them. Try and get to the meeting as close to half-past seven o'clock as possible. Come early and get away early.

Lorin Letter List.

Letters remaining unclaimed in the post office at Lorin December 1, 1895. When applying please ask for advertised letter.

Unique Novelty Furniture.

The largest furniture manufactory in California is that of E. Hook, of Oakland. Besides being a manufacturer he is also one of the largest importers in the State. He imports solely in order that a person visiting his mammoth stores can have their pick of any thing in the furniture line that is manufactured under the sun. It is gratifying, however, to state that the unique novelty furniture of his own manufacture is the most called for, and it now graces the homes of people in every city and town in the State, first because it is unquestionably the best furniture made; second, because it is sold at such reasonable rates. The people of Berkeley and adjoining towns who need furniture, carpets, oil cloths, window shades, lace curtains, portieres, cornices or mats should not fail to visit the stores of Mr. E. Hook, 414-418 Eleventh street and 415-419 Twelfth street, near Broadway, Oakland.

In Holiday Attire.

Mr. C. Demetrik in speaking of the approaching holidays says, "Holidays are coming and we are preparing for them. On store during the holidays will be the cream of all. We are going to sell you good goods and cheap. We not only talk but mean business."

In our grocery store we have received a new stock of fresh goods; canned goods, extracts and spices. Our teas and coffee can not be beat either for quality or prices, anywhere. Our hams and bacon are as sweet as sugar and cheaper than elsewhere. Now in butter and eggs we will have a large supply. Our butter has been selected from the best creameries and our eggs are being laid received from Berkeley and San Pablo. Furthermore we guarantee them. Our raisins are the best grown at Fresno. We have all kinds of this year's growth that are equalled by none. We have enough to supply everybody in Berkeley. The sales upon fruit and produce have proved that we are the largest dealers in the town. Our stock is of the largest kind kept in accordance with the season. We have received a lot of lemons, limes and oranges of very good quality for this time of year, also apples, pears, grapes, and bananas. Berries are somewhat short now but anybody who desires them will be supplied if they give orders in advance.

Our vegetable department will be selected with the greatest care and always fresh. Our lettuce and celery are crisp and delicate, also beans, peas, lima bean sprouts are fine and a plenty of them.

There is now on hand 800 sacks of the best potatoes raised in the State of Washington which we will sell to you for one dollar per sack and satisfaction warranted. A lot of garlic, good for the breath after eating turkey and with the other things. In squashes we have four tons of the finest for pies and enough to supply the whole town. Our fish market will not be so well supplied but parties desiring can have anything they want by giving their orders before wanting. Fresh oysters, crabs and shrimps will hereafter always be on hand. We keep candies in small quantities but good, fresh and cheap. Cigars and tobacco of all kinds in quantities to suit.

LOOK OUT 650 TURKEYS. We have a contract for the holidays, either alive or dressed; both gobblers and hens of extra good quality will be sold at going rates. You don't have to go out of town for them. Give your orders early so we can select the best for you.

CRANBERRIES. CRANBERRIES. Plenty in our place, also chickens and game. We don't forget we have the finest cider ever made on the Pacific Coast. We have sold during the past month about 400 gallons at retail. That is not so very much but a good deal for the town. Those who bought once, buy again and again. Our stores are at the corner of University and Shattuck Avenue. C. DEMETRIK, Successor to the D & D Company.

COW MEN LOOK OUT.

AN ORDINANCE AFFECTING DAIRY-MEN

Passed by the Board of Supervisors—Work for the Health Officers of the County.

A Diseased-Cow Law.

District Attorney Snook has drawn an ordinance giving the proper authorities of the county the power to kill all cows or other animals found to be afflicted with tuberculosis. The ordinance was drafted to give health officers general supervision over diseased cattle throughout the county. The ordinance reads as follows:

The Board of Supervisors of the county of Alameda do ordain as follows:

Section 1. Every milch cow, or other animal within the county of Alameda, having tuberculosis, shall at once be deprived of life, by the owner or person having charge thereof upon discovery or knowledge of its condition, and any such owner or owners omitting or refusing to comply with the provisions of this section, shall be deemed guilty of a misdemeanor.

Sec. 2. Any person violating the provisions of this ordinance, upon conviction thereof, shall be punished by a fine of not less than fifty dollars (\$50) and not more than one hundred dollars (\$100), and in case such fine be not paid then by imprisonment in the County Jail of said county of Alameda at the rate of one (1) day for every two dollars of the fine so imposed.

Sec. 3. This ordinance shall take effect and be in force thirty days after its passage.

The Board fixed next Monday as the time of hearing debate upon it. The various Health officers and other interested persons will be instructed to appear before the Board on that day.

What's Your Number?

The prize numbers were drawn at the Grand Rule Bazaar by a little girl dressed in a blue ballet costume. The number of ticket holders present blocked the streets, which is proof of the popularity of the stores:

First prize	6,177
Second prize	914
Third prize	14,774
Fourth prize	2,430
Fifth prize	14,130
Sixth prize	1,000
Seventh prize	10,873
Eighth prize	8,810
Ninth prize	1,465
Tenth prize	1,465

A. M. SCHLUETER, Proprietor.

1150 and 1160 Washington street and corner Ninth and Washington.

Boom in Stocks at Denver.

There is a big mining stock craze in Denver at the present time, which reminds one of days gone by in California. Should the Brunswick mines come up to present expectations there may be another lively time in this country in the stock business. Whether such occasions are financially healthy or not is not under discussion, but they certainly do stir up things in a manner to make everything else jump around about them.

President Kellogg will entertain the new graduate club at his home to night. This attitude of the president toward the club is universally appreciated, for it is at present hardly more than on its feet when it is given social recognition by the highest officer in the University. The club is composed of students pursuing graduate studies and is modeled after similar clubs in many of the Eastern universities.

Professor Warring Wilkinson has returned from an extended Eastern trip in which he has visited a dozen or more institutions for the care of the deaf, dumb and blind. He makes these visits at stated intervals to keep abreast of the latest methods of teaching and caring for these unfortunate members of society. In this way the Berkeley Institute is kept on a par with the best in the land.

The will of the late Charles L. Storck, the West Berkeley butcher, was filed for probate Saturday by the decedent's widow, who is named as executrix without bonds. She is bequeathed the entire estate estimated to be worth about \$7000.

W. C. Moran of Lorin has been appointed a deputy county clerk for registration purposes.

It is Said

That new subscribers are being constantly added to our subscription list.

That the people are constantly saying that they get more news in the GAZETTE than in any other paper.

That the GAZETTE pays more for its daily dispatches every month than our contemporary pays its reporter.

That Berkeley should have a Board of Trade. One is badly needed and if it were established it would be of great benefit to the town.

That butter will soon reach the \$ and will not want anything to stand on either.

That the chicken dinner proved a success as far as the getting up of it was concerned.

That Thomas B. Reed made a speech on taking the Speaker's chair which was applauded by all of the members of Congress.

That Expert Kaufman of Oakland says that that city is not big enough for himself and expert McMullan, and that he is going to stay.

That the Oakland Exposition will be one of the best advertisements that Alameda county has ever had.

That if the property owners on Sixth street are wise they will petition for the opening of that thoroughfare at once.

That persons who fail to receive the GAZETTE regularly should promptly report the fact to this office so that we can remedy it at once.

That Congress will not get down to solid work until the first of next week.

That John J. Newell is the father of a bouncing baby boy, and it will be some days before he gets over his glee.

That the telephone girl was around with her sweet smiles and large bills to day.

That business men who have holiday goods for sale should advertise them at once in the GAZETTE.

That football is a pretty expensive luxury when it costs \$5000 a piece for the two colleges for about six weeks' training.

That a notice on the bulletin board at the University states that the annual examinations will commence on December 13th.

That the great horse show in San Francisco will open tonight and for the next week it will be the proper fad to talk horse and pedigree.

That E. B. Pomeroy, editor of the Oakland Times, is lying at death's door at his home in Oakland.

That two heavy canons passed through Berkeley today enroute for the new fortifications at the Presidio.

This has been another gloomy day but the grass still keeps growing and that means that we will soon have butter on our table again.

Frye, the wellknown blacksmith of Dwight way, is building a shop on Stanford avenue between Center and Allston way.

That we will have to decline the jokelets offered us by an East Berkeley young lady, as our bank account is not large enough to put a humorist on the staff just at present.

That the Juniors have discovered that they were subjected to the same trick that was played on the Freshmen recently, in reference for the music for the Junior farce, and that one of the dignified Seniors is suspected of having played the trick.

That a couple of communications were received at this office today, and while they are meritorious they were not signed with the writers' names consequently following an inexorable rule they cannot be published.

That the Republican State Committee are trying to obstruct the bringing of the convention to San Francisco because one of its number was not sent on to Washington to interview Eastern committeemen. Their work in favor of Estee last year does not commend them as good workers, consequently the Citizen's Committee showed good judgment in not sending any of them to Washington.

The carpenters and joiners of Berkeley are to form a local union, and a meeting preliminary to formal organization was held last evening at Odd Fellows' Hall.

THE COLLEGE

CONFERENCE OF THE Y. M. C. A. OF NORTHERN

California to Meet at Berkeley—Retirement of Captain Bushnell.

Y. M. C. A. Conference.

The College Conference of the Y. M. C. A. of Northern California will be held in Stiles Hall on Saturday and Sunday, December 6th and 8th. There will be about thirty delegates from the eight or nine colleges about the bay, and addresses will be given by C. C. Michener, International Secretary of the Y. M. C. A., President Beard of the University of the Pacific, H. J. McCoy of San Francisco, and J. S. Spears. Most of the exercises will be carried on by the students.

The only open meeting of the conference will be held on Sunday afternoon, at which Mr. Michener will speak on the "Extent and Significance of the College Y. M. C. A. Movement." On Saturday afternoon the Bay Association of the Students' Volunteers will occupy an hour outlining the work to be done, and presenting an account of the immense work which they have accomplished in foreign countries.

During the conference the proposition to establish a summer school on this coast similar to the one held at Geneva will come up for discussion.

Captain Bushnell III.

Captain W. E. Bushnell, for many years the master of the Oakland ferry steamer Piedmont, is suffering from a malignant cancer. The growth first made its appearance about ten years ago. It started from what appeared to be a small blister on the lip, which refused to heal. It spread slowly at first over the lower lip and then around the chin. Captain Bushnell sought medical advice, and then learned that he was the victim of a cancerous growth, brought on by incessant use of tobacco.

Three weeks ago Captain Bushnell was compelled by his illness to relinquish command of the Piedmont.

Ben Everson was taken before Justice Lord on Saturday afternoon on the charge of carrying concealed weapons. The offence being proven he was sentenced to ten days in the County Jail. The town officers will see that this ordinance is carried out as far as it is in their power.

Following the example of Golden Gate, the section of Oakland township about Adeline Station has taken initiative steps to form a sanitary district and an election will be held for the selection of officers. A meeting was held on Saturday evening and the following nominations were made: Sanitary board, C. E. Towne, E. J. Pullen, G. W. Sherow, O. B. Caldwell, E. A. Thompson; inspector, W. C. Moran. The following were selected for election officers: Inspectors, A. Peterson, Charles Bartlett; judges, Mark Sherow, R. Caldwell; ballot clerk, Robert Chaloner; tally clerks, Fred Aldrich, E. K. Mains. W. C. Moran was appointed registering clerk.

It is reported that the receipts at the Thanksgiving football game were \$10,000 and that the total disbursements will just about cover the receipts.

On Wednesday evening the Crescent Athletic Club is to have a gentlemen's night. A programme of boxing, tumbling, wrestling and other exercises will be given.

Thirteen new members were received into the Presbyterian Church at the services on Sunday.

That Ben Everson had to wait four hours for an officer to take him to the County Jail.

That the said Everson went home, got his dinner and then returned to Justice Lord's Court in order to have company to the County Jail.

That West Berkeleyans must attend the club meetings if they wish to accomplish anything for the benefit of that end of the town.

GAZETTELETS.

Students of the University are now cramming themselves for the examination which commences on the 13th inst.

Mrs. Massie of San Francisco who shot her husband about a week ago, while he was beating her has been discharged from custody.

The assessment on property for the Harmon street opening have become delinquent and will be advertised for sale tomorrow evening.

Paul Nickelman, who has been suffering somewhat from blood poisoning in the hand, has got quite well again.

The contract for painting the new electric poles was awarded to Mr. Calhoun for about \$28.

Frank Strybee of Oakland, aged 26 years, and Annie Coach of Berkeley, aged 22 years, have been granted a marriage license.

Tomorrow evening is Gentleman's Night at the Crescent Club and a first class time is assured all those who attend.

Three different train loads of cattle for the Oakland and San Francisco markets passed through West Berkeley this morning and two more yesterday afternoon.

The Railroad Company will macadamize Addison street, between Shattuck avenue and Stanford Place, East Berkeley, as soon as the new ground gets well settled. It is what the traveling public very much desire.

Several of the grand officers will be present at the meeting of the I. O. O. F. at Odd Fellows hall, on Thursday evening next. Nominations for new officers for the ensuing term will take place at the same time.

That most excellent newspaper the Berkeley GAZETTE has been enlarged by the addition of another column. The GAZETTE is a credit to the town of Berkeley and that the people of that place appreciate the fact, is evidenced by the generous support they accord it. —West Oakland Sun.

Deputy County Clerk Frank Adams and Court Clerk George Woodsum have returned from a duck hunting expedition to Los Banos. They report that their enjoyment was far greater than the number of ducks they slaughtered.

The date of the Trilby debate has been changed to next Friday night, in order to give the glee club the use of Stiles Hall tomorrow night for its opening concert of the season.

The introduction of reindeer in Alaska which was commenced by Captain Healy of the Revenue Marine Service will be continued by the Government. The amount of \$7500 has been asked for to bring more of these animals from Siberia.

Lieutenant Peary, having quite recovered from late illness, will make himself ready to go on another expedition to the North Pole. Several private parties have offered to fit his expedition out, but he prefers to wait and see what the U. S. government will do before he makes up his mind what to do. He will make the trip anyway.

Appropriations requested by the Secretary of the Navy for the Mare Island Navy Yard: Improving cemetery, \$1000; improvements in Navy Yard, \$302,354; bridge between Navy Yard and Vallejo, \$205,060; grading and paving, \$10,000; extending roads, \$15,685; ship-fitters shed, \$30,000; storage shed, \$10,139.

Within the past two days two well known gentlemen from San Francisco have been killed by the cars in Oakland. On Sunday last Dudley C. Stone, a well known educator on the other side of the bay, was killed by a trolley car at Fruitvale, and last evening John K. Knarston, a prominent San Francisco printer, was killed by the local train at Seventh and Market streets. There is a sharp curve at this point and the train whirled around this curve at a very high rate of speed and as the tracks are within two or three feet of the sidewalk any person standing near the edge is liable to be drawn under the wheels by the draught caused by the quickly moving train. There seems to have been no excuse for either of these accidents and the companies should be mulcted in heavy damages.

NOT UNTIL FRIDAY

WILL SENTENCE BE PASSED ON THEODORE DURRANT.

The President's Message is of no Importance—He Hides from the Monroe Doctrine, etc.

Special dispatches to the GAZETTE. Under Advisement.

San Francisco, Dec. 3.—Attorney Dickinson argued today upon the motion for a new trial in the case of Theodore Durrant. His argument was a matter of fact statement of certain allegations which he called facts and a citation of authorities. Notwithstanding all this it took him all the morning to finish his argument. After the motion had been submitted Attorney Piexotto replied in brief by submitting authorities. Judge Murphy stated that he would decide the motion on Friday morning at 10 o'clock. It is generally conceded and believed that the motion will be denied and that Durrant will be sentenced on that day. The fact of the Judge taking until Friday is considered significant. District Attorney Barnes says that he will have the case finally settled in the Supreme Court by the beginning of the spring term. The defendant has twenty days in which to file his bill of exceptions.

Another Suicide.

San Jose, Dec. 3.—John Butts, a hotel coachman, committed suicide here this afternoon. He leaves a wife and five children. Intemperance and poverty are the causes of the rash act.

Peckham for Judge.

Washington, Dec. 3.—President Cleveland sent to the Senate today the following nominations: Rufus W. Peckham of New York for Associate Justice of the Supreme Court of the United States; Richard Olney of Massachusetts for Secretary of State, and Judge Harmon of Ohio for Attorney-General.

A Costly Blaze.

Indianapolis, Dec. 3.—Flames were discovered issuing from the rear of the large store of Schnell & Co., in the heart of the wholesale district this afternoon, and at 3 o'clock it looked as though the entire district would be destroyed. The losses, up to the present time, are estimated at \$50,000.

A Weak Document.

Washington, Dec. 3.—The President's message was sent to Congress today. It is a document consisting of 20,000 words. One-half of it is devoted to finances and his well known utterances on silver and free trade. The Monroe doctrine is not mentioned. There is not one word in favor of Cuba and Hawaii is pointedly snubbed. The message is being picked to pieces by both Democrats and Republicans and is said to be the poorest and weakest message ever presented to Congress by any President of the United States.

Over in Marin County parties who desire to go to the top of Tamalpais, will have to pay one dollar for the privilege. In Berkeley one can visit the top of Grizzly Peak without a cent being charged. Berkeley charges nothing for the air we breathe or the beautiful views which its situation naturally provides.

Deputy County Clerk George Woodsum says that he and a companion killed 300 ducks last week. His game bag, however, on his return did not show a single brace for his Sunday dinner.

Captain C. L. Hooper of the U. S. Revenue Marine has been appointed Superintendent of Construction, which probably means the supervision of building new revenue cutters and repairs of others. Captain James W. White of the Revenue Marine used to hold the same position on this Coast.

That it is too cold to rain and not cold enough to snow. In the medium the average citizen shakes himself very much apart.

That the Street Superintendent doing good work in filling up some of the chuck holes in different parts about town.

TOWN OFFICIAL PAPER.
 TUESDAY, DECEMBER 3, 1895.

The GAZETTE will be pleased to receive personal or society notes, news of engagements, weddings, parties, etc. Contributors should sign their correct names and addresses, not for publication but as evidence of good faith. Address all communications to the editor.

WHARF AND SCHOOL.

It is always best when you have a good thing to stay with it and boost it as high as it can be boosted. This is the case at the present time with the wharf and school projects. For several months these questions were in everybody's mouth, but since the Board of Trustees have started the movement ahead in a legal manner the interest seems to have lagged somewhat. The papers are to a certain extent to blame for this as they too have not been pushing the matter as they should for several days. The GAZETTE will, however, see that it is not caught napping again until after the vote is cast and the ballots are counted.

It will take some little time yet before the date of the election can be set as certain legal forms have to be gone through with, and these all take time. At the next meeting of the Board of Trustees the ordinance passed at the last meeting will be put upon its final passage and will be passed. This ordinance will then have to be published again as an ordinance for two weeks. This will take until the 20th of this month. On that date the Trustees will again meet and set the date upon which the election shall be held. They will also at the same time designate the places where the polls shall be opened and who shall be the election officers and clerks. This will probably bring the election somewhere about the last of January.

In the meantime there is much work for the people who are in favor of wharf and school bonds to do. There are quite a number of people who are not in favor of a wharf. They must all be seen and shown why a wharf will be of the greatest benefit to Berkeley. Again there are those who are not in favor of school bonds. They must be converted and this conversion will not take place in a day but will require all of the time between now and the last of January. Another thing that will have to be looked after is the matter of sectional strife in different parts of Berkeley.

There has been considerable of this in the past, and it has done much to retard the growth and prosperity of the town. This must be wiped entirely away, and the people of Berkeley must stand shoulder to shoulder for the benefit of the whole town. If this is done the bonds will carry, and Berkeley will be the best and liveliest town in the State, and before another year has passed there will be occupants for every desk in the new school houses, and they will be crowded almost as badly as at present. There will be a large number of factories in West Berkeley that will disburse thousands of dollars every month to their employees. All of this money will find its way into circulation, every business man getting his share. The town wharf will be lined with vessels and ferry boats that will ply between Berkeley and San Francisco, Vallejo, Stockton and Sacramento.

The wharf alone will within a year more than pay interest upon the bonds besides giving employment to a large number of men. Land that is idle now will be dotted with cozy little homes in which will reside the mechanic and his family, and in the northern, eastern and southern end of the town fine business blocks will be built as well as elegant and costly dwellings.

The people have it now in their power to transmute Berkeley from a slow humdrum town to the liveliest town in the State and to a town which will be sought after, not only for its

beautiful residence sites but for its university, churches and High and public schools, and its water front will be a hive of industry that will support hundreds of people.

POPE LEO.

The Pope is having a little premature Christmas giving on his own account. He has just created nine new Cardinals and twenty-four Bishops. Pretty good gifts to those who receive them. The Pope is crowding as much history into his long reign as can be done. No other pontiff has excelled him and it is doubted if he will have any successor that can come anywhere near him.

Another star has dropped out of the political firmament of Oakland and this time it is Stuart McMullan. This young man has been a successful politician for a number of years in Oakland. For a long time he stuck close to the coat tails of the Republican party and was nearly always rewarded by them with a fat berth. For several sessions of the Legislature he has been a clerk of that body and has always got a good fat salary. When out of a job he has always had a good provider in many of those who hold county offices. When Davie ran for Mayor on the Populist ticket McMullan deserted the Republican standard bearer and worked and voted for Davie. That individual after he had been induced to office appointed McMullan as his private expert, and McMullan made it warm for several of the other officers who were on Mayor Davie's list. Shortly after this McMullan and Davie had a falling out and George Kaufman was appointed in his stead. Now for the finale. On Saturday night McMullan filled up on corn and rye juice, and went a wooing. Among those he met was Mrs. Kaufman, the wife of his successor, whom he tried to embrace. She promptly knocked him down and took his hat home with her for evidence. A police officer finally ran him in and locked him up. Mr. Kaufman has now given him the alternative of leaving Oakland or of going to jail, and it is for this reason that this political star is now dimmed. It is too bad that McMullan has been, by his own actions placed in this predicament, as he was raised in Oakland and has many warm friends in that city and all over the county. In light of recent developments in San Francisco and other places, however, there is no sympathy for a man who will assault a woman, and he had better take the alternative of Mr. Kaufman and seek new fields where he is not known, and begin life over again. He has got the talent and can get along anywhere if he so wills it.

New Bakery.

M. A. Perry has just opened up a bakery and confectionery at the southwest corner of Calais and Fairview streets, Lorin. It will be a regular New England store. Call and see them.

Why People Like Dogs.

And why do people keep such lots of dogs themselves and go in such numbers to see other people's dogs? Because the dog is at once the sincerest flatterer and the most successful cheerer that the human race ever had. A good dog always gives us the feeling that we men and women are a sort of gods. No other animal does anything of the kind. The cat treats us as an inferior, and the horse will treat us as a dear friend, not a divinity. The dog, moreover, imparts something of his peculiar gaiety to us in a way that is irresistible. He mingles his suggestions of gaiety with his flattery, for he not only leaves his dinner untasted to walk with us, but the mere fact that we are apparently giving ourselves the pleasure of a walk raises him into such a delirium of delight that the sight of it puts all our dumps and blues to such reproach that we shake them off in very shame. And when we don't walk, but sit moodily at home, the dog curls up lovingly at our feet and looks up now and then into our eyes and "glides into our darker musings with a wild and healing sympathy." Yes, there is a solid reason for the fondness of men for dogs, and it will never come to an end until either men or dogs become very different beings from what they are now.—Boston Transcript.

The Oldest Wooden Building.

Japan possesses what is probably the oldest wooden structure in the world. It contains the art treasures of the mikado and is situated in Nara, which for some years was the imperial residence. The building is oblong in shape and is built of triangular logs of wood. It rests on piles. The wood used is of native growth and shows extraordinary lasting power, considering the trying climate which it has had to endure for over 1,200 years. A peculiar feature about the logs of which the building is constructed is that, in the parts most exposed to the weather, the logs are thinner by several inches than in those in a more sheltered position, the wood having gradually worn away. The treasures which the storehouse contains are of great antiquity and have been seen by Europeans during only the last three years. They consist of rare and beautiful fabrics of Persian, Indian, Chinese and Turkish manufacture and ancient articles from all parts of the world.—Architecture and Building.

One on the Lawyer.

One of the leading young lawyers of Washington went away from home recently in a hurry and forgot to give all instructions to his clerk. He had an office in one of the large buildings of the city, where a lock postoffice box is supplied for mail. The lawyer particularly wanted some letters forwarded to him that he was expecting, and so instructed his clerk in a letter. He addressed it in his own care so as to insure delivery at his office early. He inclosed his postoffice box key. No letters were forwarded, and he was in something of a quandary until he returned and found that the box could not be unlocked, and he had shut himself and his clerk out by having his key mailed in his care. A locksmith was called in, but the joke on the lawyer got out and cost him several rounds.—Washington Star.

The Spider's Spinning Machine.

The "spineret," or web machine of the common garden spider is an object worthy of the careful study of every owner of a microscope. It consists of four united masses, each pierced by a multitude of holes, the openings being imperceptible to the naked eye. These several holes each permit the passage of a single thread. Some idea of the infinitesimal fineness of these threads may be gained when it is known that the spider's thread as we see it is made up of upward of 4,000 minute webs, 1,000 from each of the four spineret masses. These 4,000 separate threads unite at the main opening of the spineret, making the single filament from which the spider spins its web.—St. Louis Republic.

Fish and Tobacco.

The Antinarcotic society can, it seems, claim the fish of the sea among its supporters. Fish are known to have a very keen sense of smell, and it was remarked at this week's reunion of the Piscatorial society at the Holborn restaurant that even some of the greediest sea fish would decline a bait which had been touched by an angler whose hand had recently held a pipe or cigar. Anglers therefore should not smoke, but then to most persons angling minus the pipe would be angling without one of its chief pleasures.—Westminster Gazette.

A Inspired Noble Poem.

It was the late Daguerreotypist Heiler of Chicago who inspired Longfellow to write "Hiawatha." Mr. Heiler was one of the most eminent of his profession, and in 1851 the London World's fair awarded him the prize medal for daguerreotypes. One of them, a picture of the falls of Minnehaha, came into the poet's possession and furnished immediate inspiration for the poem. In testimony of his debt to Mr. Heiler Longfellow sent him a bound volume of his poems with his signature and compliments on the flyleaf.

A Fatal Triangle.

Within the triangle formed by the cities of Nashville, Atlanta and Knoxville more than 70,000 union soldiers perished during the war. The great battles of Nashville, Murfreesboro, Chickamauga, Chattanooga, Lookout Mountain, Knoxville and the numerous battles between Chattanooga and Atlanta were fought in this region. In no other part of the country were the horrible features of civil strife so strikingly exhibited.—Knoxville Sentinel.

NOTICE OF AWARD OF CONTRACT

PURSUANT TO STATUTE AND TO RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF BERKELEY, adopted November 22, 1895, directing this notice, notice is hereby given that the said Board in open session on the 22nd day of November 1895, opened, examined and publicly declared all sealed proposals offered for the following work, to-wit:

That the southerly side of Channing way in said town from the westerly line of Shattuck Avenue to the easterly line of Milvia street, be sidewalked with a four foot wooden sidewalk excepting where already laid.

And thereafter awarded the contract for said work to the lowest regular responsible bidder, to-wit, to J. M. Greed, at the prices named for such work in his proposal on file, and that the said award has been approved by the President.

M. L. HANSOOM, Clerk of Board of Trustees of the Town of Berkeley, Dec. 3, 1895.

Vine Street, Sidewalk.

Resolution of Intention No. 64 A.

RESOLVED BY THE BOARD OF TRUSTEES OF THE CITY OF BERKELEY, that it is the intention of the Board of Trustees of the Town of Berkeley, to order the following street work to be done, to-wit:

That the north side of Vine street in said town from the easterly sidewalk line of Walnut street to the westerly sidewalk line of Arch street, be sidewalked with a six foot cement sidewalk, except where cement walks are already laid. That the gutterway on the north side of Vine street be relaid and widened to a width of four feet, and grouted with a cement grouting composed of one part best Portland cement to two parts clean gravel. That a four foot wooden crosswalk be reconstructed across Vine street on the easterly side of Walnut street.

The BERKELEY GAZETTE is hereby designated as the daily newspaper published and circulated in the town in which this Resolution of Intention shall be published by two insertions and the notice thereof for six days.

The Clerk of this Board is hereby directed to publish and post this Resolution for two days in the manner prescribed by law.

Adopted November 22, 1895, by the following vote:

Ayes, Trustees Gage, Jones, Cripps, Martin, Durrill, Hoff and President, Richards.

Noes, None.

Attest: M. L. HANSOOM, Town Clerk.

Berkeley, December 3, 1895.

Notice.

A. Couval, of the Franco-American bakery, corner of Fifth and Delaware streets, West Berkeley, desires to notify the public that from and after this date he will not be responsible for any debts which may be contracted by his former partner, J. La Fargue.

Now is the time to buy your cloaks capes and suits. By purchasing \$15 worth of goods at our establishment we will present you, free of charge, with an order for one-half dozen Haussler's photographs. Palace Cloak Co., 1009 and 1011 Washington street, between 10th and 11th streets, Oakland.

There are a large number of visitors to the GAZETTE office every day. That's right, gentlemen, we are always pleased to have you call and when you do we can show you one of the best appointments on this side of the bay bar.

There is one thing in this world that in order to give satisfaction has got to be perfect, and that is a photograph. Naturally the artist who is thorough in his business and produces perfect pictures gets the trade. This accounts for the immense business done by Evans, the photographer at 1065 Washington street. He takes the finest cabinets in the land for \$3 per dozen and has a large Berkeley patronage. 102

Resolution of Intention

No. 65-A.

RESOLVED BY THE BOARD OF TRUSTEES OF THE CITY OF BERKELEY, that it is the intention of the Board of Trustees of the Town of Berkeley to order the following street work to be done, to-wit:

That the northerly side of Carleton street in said town from the westerly sidewalk line of Ellsworth street to the easterly line of Telegraph Avenue except such portion thereof as is required by law to be kept in order or repair by a person or company having railroad tracks thereon, be sidewalked with a four foot wooden sidewalk and that a three foot crosswalk be constructed across the westerly half of Telegraph Avenue and a four foot wooden crosswalk reconstructed across College Avenue on the north side of the said Carleton street.

That the northerly side of Carleton street on the south side of Dwight Way and across Fulton street on the north side of Dwight Way, and that three foot crosswalks with culverts be constructed across Dana street and Ellsworth street on the north side of Carleton street, and that the gutters on the north and south sides of Dwight Way from Telegraph Avenue to Dana street be widened to a width of six feet and grouted with a cement grouting composed of one part best Portland cement to two parts clean gravel.

The BERKELEY GAZETTE is hereby designated as the daily newspaper published and circulated in the town in which this Resolution of Intention shall be published by two insertions and the notice thereof for six days.

The Clerk of this Board is hereby directed to publish and post this Resolution for two days in the manner prescribed by law.

Adopted November 22, 1895, by the following vote:

Ayes, Trustees Gage, Jones, Cripps, Martin, Durrill, Hoff and President, Richards.

Noes, None.

Attest: M. L. HANSOOM, Town Clerk.
